### **HANSON PIPE & PRECAST ACQUIRES DAYTON, OHIO FACILITY**

*Hanson Continues Production of Precast Concrete Structures and More at Former Sherman Dixie Facility*

---

**DAYTON, Ohio** (December 6, 2011) – Hanson Pipe & Precast, a leading manufacturer of concrete pipe and precast products, today announced the acquisition of the Sherman Dixie facility in Dayton, Ohio. This facility will become part of Hanson’s existing operations in Sidney, Ohio and Columbus, Ohio.

The facility, located at 1504 North Gettysburg Avenue, will continue producing precast concrete structures for roadway and infrastructure development.

“We will provide customers with the excellent quality and service they have come to expect from both companies,” said Bob Christensen, senior vice president of Hanson Pipe & Precast. “We’re pleased to welcome the existing production personnel to the Hanson Pipe & Precast team as we service the Dayton, Ohio market.”

#### **About Hanson Pipe & Precast**

Hanson Pipe & Precast is the largest manufacturer of concrete pipe and precast products in North America. With more than 3,500 employees, the company has a network of manufacturing facilities and delivery capabilities that span the continent. Hanson Pipe & Precast products are used in residential and commercial applications that support our infrastructure’s needs, including storm water drainage and water transportation.
